Dear Mr. Allen:

The Department of Environmental Services, Water Division, Wastewater Engineering Bureau (DES) reviewed the actions taken by the City of Portsmouth in their June 1, 2006 response to Letter of Deficiency No. WD WWEB/C 06-007. DES determined that the issues addressed in the Letter of Deficiency have been resolved in a manner consistent with the Water Division regulations and NPDES permit requirements. The City of Portsmouth should continue with the actions listed in the June 1, 2006 correspondence from the City. At this time, no further response from the City is necessary. Therefore, DES hereby issues this Letter of Compliance.

Please be advised that DES will continue to monitor the Facility's compliance status, and that this letter does not provide relief against any existing or future violations.

Sincerely,
